

# NATIONAL WORKERS' COMPENSATION REVIEW

*A Partnership with the Workers' Compensation Institute*

Workers' Compensation Educational Conference

## *WCivirtual: THE SHOW DID GO ON!*

LET'S ALL – the whole WC industry -- give thanks where thanks are due. On behalf of the NWCR, I proclaim our deepest appreciation to **WCI** and the flesh and blood humans behind it for putting on a *heck of a show* under the most trying circumstances!

As I earlier mentioned in promoting *WCivirtual* - remarkably free of cost but crammed with CE hours and content– our **NWCR** was privileged to produce **two** of its primary substantive presentations in the necessarily curtailed 2020 program, and we too rose to the challenge: our groundbreaking **AMA** program and exquisitely timed **Presumption** panel received rave reviews: both were written up as lead Top Stories in the country in **workcompcentral**<sup>®</sup> on Wednesday.

We could not develop and deliver our rich program without the phenomenal panelists we were blessed to have assembled, along with my co-chairs Bill Pipkin and George Kagan, supported by our esteemed NCWR Board of Advisors, Dr. Christopher R. Brigham, William Zachry, Jennifer Morris Jones and Steve Tipton.

See you all in 2021!

Jim Anderson  
Co-chair, NWCR
